## Kids unisex shorts (sweat)

The right size for you!*:

## Waisband

Measure once around your child's lower abdomen exactly at the height where a belt would sit.
The tape measure should be comfortable and straight.

## Hip measurement

Put the tape measure around your child's hips and measure the scope at the strongest point of the buttocks.

## Sides eam

Measure the given outseam length for your child's size from upper waistband on the outer side of your child's leg.
